## INTRODUCTION

---

- As a passionate final-year Computer Science student at Ho Chi Minh University of Technology, Software Engineering is my core interest. I am looking for a challenging role where I can improve my understanding of software development and contribute to innovative projects.

## WORK EXPERIENCES

---

### Front-End Developer Intern at MeU Solutions

*June 2024 - August 2024*

- Underwent training and actively developed proficiency in JavaScript and TypeScript programming languages, alongside a variety of JavaScript libraries and frameworks.
- Contributed to the development of the Online Exam project as a Front-End Developer, focusing on building administrative interfaces and integrating APIs to implement management functionalities.

## PROJECTS

---

### Online Exam System

*July 2024 - August 2024*

- **Description:** A web app for the Department of Science and Technology of Ho Chi Minh City, supporting up to 150 concurrent users with performance ranking by individual and unit.
- **Technicals:** TypeScript, ReactJS, TailwindCss, TanStack Query, TanStack Table, Zustand, GitLab.
- **Responsibility:** As a Front-end Developer, I implemented user login/registration features, developed user Profile functionality, and built exam management and result statistics features for admin.
- **Link to project:** NDA-restricted project

### UniLab Pass

*January 2025 - May 2025*

- **Description:** A mobile app for university lab access control using multi-factor authentication with QR code scanning and facial recognition.
- **Technicals:** Expo, TypeScript, React, React Native, React Native Paper, Zustand, GitHub.
- **Responsibility:** Built the entire responsive front-end with UI/UX design, authentication, access lab management, and facial recognition check-in/out, ensuring seamless API integration.

## EDUCATION

---

### Ho Chi Minh City University of Technology

*September 2021 - Expected November 2025*

*Bachelor, Computer Science*

- **GPA:** 3.2/4
- **Relevant Coursework:** Data Structures & Algorithms, Software Engineering, Computer Network, Mobile App Development, Web Development, Software Testing, Database Systems.
- **Interests:** Mobile App Development, Web Development, Software Testing.

## SKILLS

---

- **Programming Languages:** TypeScript(Advanced), JavaScript, HTML, CSS, C++, Python.
- **Library & Framework:** ReactJS, React Native, Expo, Zustand, TanStack Query.
- **Tools:** Git, GitLab.
- **Others:** Scrum/Agile, .

## LICENSES & CERTIFICATIONS (with proofs)

---

### TOEIC 775 in Listening and Reading

*March 2024*

### Axon Active Scrum Agile Training Course certification

*January 2024 - April 2024*
