INTRODUCTION

As a passionate fresh graduate in Computer Science from Ho Chi Minh City University of Technology, I'm eager to apply my knowledge in software development, with a focus on Web and Mobile Application Development, and contribute to innovative projects within a dynamic engineering environment.

WORK EXPERIENCES

Front-End Developer Intern at MeU Solutions
June 2024 - August 2024

- Underwent training and actively developed proficiency in JavaScript and TypeScript programming languages, alongside a variety of JavaScript libraries and frameworks.
- Contributed to the development of the Online Exam project as a Front-End Developer, focusing on building administrative interfaces and integrating APIs to implement management functionalities.

PROJECTS

Online Exam System
July 2024 - August 2024

- **Description:** A web app for the Department of Science and Technology of Ho Chi Minh City, supporting up to 150 concurrent users with performance ranking by individual and unit.
- **Tech Stack:** TypeScript, ReactJS, TailwindCss, TanStack Query, Zustand.
- **Role:** Front-end developer - developed login/registration, profile, and exam management modules.
- **Source:** NDA-restricted project

UniLab Pass
January 2025 - May 2025

- **Description:** A mobile app for university lab access control using multi-factor authentication (QR & face recognition).
- **Tech Stack:** Expo, TypeScript, React Native, React Native Paper, Zustand.
- **Role:** Front-end developer - built entire UI/UX, integrated API & facial recognition check-in/out module.
- **Source:** ThanhTumG/unilab-pass-front-end

Multi-tenant E-vecommerce
June 2025 - October 2025

- **Description:** A multi-vendor e-commerce platform that allows multiple tenants to manage independent stores on a shared system.
- **Tech Stack:** Next.js, TypeScript, tRPC, Payload CMS, TailwindCSS.
- **Role:** Fullstack Developer – implemented authentication, tenant/ product management, and payment integration.
- **Source:** ThanhTumG/multitenant-ecommerce

SKILLS

- **Programming Languages:** JavaScript, TypeScript, HTML, CSS.
- **Library & Framework:** ReactJS, React Native, Expo, Zustand, TanStack Query.
- **Tools:** Git, GitLab, Figma, Postman, VS Code.

EDUCATION

Ho Chi Minh City University of Technology
September 2021 - Graduated November 2025

Bachelor, Computer Science - GPA: 3.2/4

- **Relevant Coursework:** Data Structures & Algorithms, Software Engineering, Web/Mobile Development, Database Systems.

LICENSES & CERTIFICATIONS (with proofs)

TOEIC 775 in Listening and Reading *March 2024*
Axon Active Scrum Agile Training Course certification *January 2024 - April 2024*
